

Affordable Housing

Escrito por crowek - 22/06/2018 12:02

Hello,

I am a working person, who has a dilemma finding affordable housing. I don't expect much, but I have been hard pressed to find a decent place to live for less than \$1500 a month. Does anyone have any suggestions as to where to look.

Please help.

I didn't find the right solution from the Internet.
